a fundamental problem in studying early modern russian history is determining russia s historical development in relationship to the rest of the world the focus throughout this book is on the continuity of russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary eurasian polities the continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for russia s success instead russian rulers from ivan iii to catherine ii with their hub advisors managed to sustain a balance between the two during the early modern period these russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from europe but also from asia in this respect they were willing to look abroad for solutions to domestic problems russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the eurasian heartland the ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies the church played an active role in supporting the government and in seeking to eliminate opposition to the government

the state s power to tax in the investment arbitration of energy disputes outer limits and the energy charter treaty cornel marijan states today are expected not only to regulate the efficient and safe production and distribution of energy to end users but also to incentivize increased production of energy and the transition to clean energy in recent years states are increasingly relying on taxation measures to address the economic challenges affecting the energy sector this book provides the first in depth exploration of the intersection between the treaty investment protection regime and taxation measures as these materialize in investor state energy disputes with the analysis of all known and pending cases under the energy charter treaty ect as well as non ect cases and bilateral investment treaties which have heavily influenced ect jurisprudence the author develops a deeply informed energy tax policy that greatly mitigates the points of tension in the current regime he closely investigates the following elements of the subject aligning the ect taxation article with the taxation articles of other investment treaties tracing current case law to the original arbitration decisions involving tax measures extrapolating the interplay of taxation provisions with substantive standards of investment protection as reviewed by international arbitral tribunals evaluating the outer limits of the state s power to tax under investment treaties and public international law and addressing how the yukos arbitration case has changed the framework of taxation issues in investment arbitration in a clear and concise manner the author provides the necessary framework to dissect any taxation chapter of an investment treaty and presents

tools for the development of long term tax policy and the adoption of model taxation clauses for sustainable investment protection mechanisms the book takes a giant step toward meeting the ect s mandate to promote long term cooperation in the energy field with a set of defined objectives focusing on trade cooperation energy efficiency and environmental protection it will be of immeasurable value to states in developing tax specific investment incentive schemes as well as to investors in completing a necessary level of due diligence against possible adverse tax measures practitioners and academics with a focus on international arbitration will benefit from the book s systematic approach to the complex taxation provisions of investment protection treaties and more readily recognize the red flags attached to national taxation provisions and their impact on investments in the energy sector
