this is a book about the relationship of the two traditions of platonic interpretation the indirect and the direct traditions the written dialogues and the unwritten doctrines kramer who is the foremost proponent of the tübingen school of interpretation presents the unwritten doctrines as the crown of plato's system and the key revealing it kramer unfolds the philosophical significance of the unwritten doctrines in their fullness he demonstrates the hermeneutic fruitfulness of the unwritten doctrines when applied to the dialogues he shows that the doctrines are a revival of the presocratic theory renovated and brought to a new plane through socrates in this way plato emerges as the creator of classical metaphysics in the third part kramer compares the structure of platonism as construed by the tübingen school with current philosophical structures such as analytic philosophy hegel phenomenology and heidegger of the five appendices the most important presents english translations of the ancient testimonies

on the unwritten doctrines these include the self testimonies of plato there is also a bibliography on the problem of the unwritten doctrines

this is the fourth volume of the second edition of the now classic book the topos of music the author presents appendices with background material on sound and auditory physiology mathematical basics such as sets relations transformations algebraic geometry and categories complements in physics including a discussion on string theory and tables with chord classes and modulation steps

with contributions by numerous experts

this is the third volume of the second edition of the now classic book the topos of music the authors present gesture theory including a gesture philosophy for music the mathematics of gestures concept architectures and software for musical gesture theory the multiverse perspective which reveals the relationship between gesture theory and the string theory in theoretical physics and applications of gesture theory to a number of musical themes including counterpoint modulation theory free jazz hindustani music and vocal gestures

this seventh and final volume in the complete catalog of henry moore s drawings is an essential key to the material contained in the other six volumes it provides a consolidated version of all the reference apparatus contained in each of the other volumes index concordance and list of exhibitions enabling the user to track down any particular drawing from any period or volume by means of its title hmf or ag number in addition this volume includes a list of addenda and corrigenda relating to information that has come to light since this series was launched in 1994 some 150 items are included in this section the opportunity has also been seized to catalog about 600 previously unpublished drawings produced by moore in the last two years of his life 1984 86 and held in the archives of the henry moore foundation

about fifty of these are illustrated and give a flavor of the fine quality of the artist s output even as he approached the end of his life

this study focuses on the production and reception of sculpture and installation artworks temporarily realized in public places in berlin and los angeles between 1986 and 2003 place art including art works produced as a result of artist generated public place investigations is emphasized a methodic analytical art place space system is set up in terms of physical sensory historical social political and aesthetic frameworks to examine selected artworks in specific and comparative space time realities a model for artistic production reception discourse and intercultural understanding is developed provided by publisher
