a handbook of traditional living consists of two texts originally published by the italian cultural organization raido translated here for the first time the world of tradition a comprehensive summary of the principle ideas of julius evola and the front of tradition a more practical guide for living as a traditionalist

the second volume of a handbook of traditional living continues the project of the first to resurrect perennial values for a traditionalist lifestyle in an anti traditional world and to provide concrete and desperately needed advice for those who wish to break free of the spell of a deadening and desert like modernity deeply inspired by julius evola rené guénon and the traditionalism of which they were foremost exponents a handbook of traditional living style and asceticism confronts the fundamental questions of family friendship work genders and marriage religion and spirituality and what it means to be a militant of the tradition in today's increasingly confused and fragmented society the result is a treasure trove of wisdom concisely providing the practical and theoretical bedrock for the traditionalist worldview and ethic in one's day to day life thereby giving new breath to a lifestyle vision and philosophy that has too long been lacking from our world

this book was compiled by leading experts on the documents and literature of traditional chinese medicine the pictures mostly photocopied or reproduced from the originals are all exquisite and rare works of the past and demonstrate the distinctive traditional chinese characteristics of this approach to health care

this book was the first english language translation of a complete chinese clinical manual on tcm gynecology and obstetrics it was the textbook for the ob gyn class at the zhejiang college of chinese medicine in hangzhou pr china it covers the disease causes and mechanisms and the pattern discrimination treatment for 35 commonly encountered complaints the book is divided into five sections 1 menstrual diseases 2 abnormal vaginal discharge diseases 3 gestational birthing diseases 4 postpartum diseases and 5 miscellaneous diseases because chinese gynecology in china means treatment via the internal administration of chinese herbs all the treatments in this book are herbal ones if one wants to buy a single book covering all of chinese gynecology in an introductory survey fashion this is the book to buy

a handbook on african traditional healing approaches research practices is a rich collection of well researched articles on indigenous healing these articles from a broad range of researchers pertain to a broad range of communities they discuss healing practices in the realm of the spiritual the medicinal nutritional and more some demonstrate a clear relationship between modern and traditional medicine through pharmacological analysis the practical examples documented capture the effectiveness of indigenous healing as practised by a large number of societies that indigenous healing practices face the risk extinction is a theme that runs through the contributions indeed without practical and urgent steps to preserve such knowledge for posterity future generations will not have the benefit of time tested knowledge such as this the risk of loss of such knowledge that has been passed down generations would be a major loss to humankind this collection in part addresses that risk through

systematic research and documentation what others say we have always known that divine law and scientific law are connected and more important than just knowing it we live it this book reaffirms our need to view life cosmologically kai ner maa pitanta toronto canada this book is a must read for anyone who believes that one can blindly trust the foods we eat and the medicines that are supposed to heal us it is enlightening to know that there are natural cures for most things and that we have had the answers to many of our illnesses from the beginning of time natasha burford university of toronto canada this work in part addresses the debate with respect to the value of traditional healing practices it is must read for everyone concerned about the society s health especially in the face of documented limitations of western medicine matunda nyanchama ict professional and publisher

grant illuminates how today s scientific culture originated with the religious thinkers of the middle ages

for thousands of years traditional chinese medicine tcm has helped countless people with their health and is still widely sought after today especially by those all over the world who are intrigued by natural healing and healthcare the culture underlying tcm is broad and the information incredibly extensive which means it can be difficult to know where to start for those who are interested in learning this book does just that providing both an encyclopedia of knowledge in the field while also acting as a practical manual to guide readers to greater health it offers an effective easy to learn set of daily tcm skills and expert advice on how to use them through this book you can learn basic concepts such as yin yang the five elements meridians and acupoints qi blood flow and constitution how to judge your own health status through constitution tests and develop a personalized health plan for yourself how to make external adjustments for your health through tcm practices such as acupressure cupping scraping heat treatment acupuncture massage and other methods tcm methods of natural internal adjustments including food therapy herbal medicine breathing techniques sleep meditation qigong and other practices that will enhance your physical and mental health from the inside out a twelve hour regimen with adaptations for each of the four seasons stages in life times of day and place where it is practiced allowing readers to customize the plan to their lives

southwestern journal of theology 2023 book of the year with the torrent of publications on the use of the old testament in the new testament the time is ripe for a dictionary dedicated to this incredibly rich yet diverse field this companion volume to the well received commentary on the new testament use of the old testament cntuot brings together leading evangelical biblical scholars to explore and explain the many facets of how the new testament writers appropriated the old testament this definitive resource covers a range of interpretive topics and includes summary articles on each biblical book and numerous themes it also unpacks concepts mentioned in the cntuot demonstrates how the old testament uses the old testament and addresses a wide range of biblical theological hermeneutical and exegetical topics this handy reference book is for all serious students of the bible as they study how and why old testament texts reappear and are reappropriated throughout the bible

this book explores the history of rhetorical thought and examines the gradual association of different

aspects of rhetorical theory with two outstanding fourth century bce writers lysias and isocrates it highlights the parallel development of the rhetorical tradition that became understood on the one hand as a domain of style and persuasive speech associated with the figure of lysias and on the other as a kind of philosophical enterprise which makes significant demands on moral and political education in antiquity epitomized in the work of isocrates there are two pivotal moments in which the two rhetoricians were pitted against each other as representatives of different modes of cultural discourse athens in the fourth century bce as memorably portrayed in plato s phaedrus and rome in the first century bce when dionysius of halicarnassus proposes to create from the united lysianic and isocratean rhetoric the foundation for the ancient rhetorical tradition this title is available as open access on cambridge core

since its original publication by unc press in 1980 this book has provided thousands of students with a concise introduction and guide to the history of the classical tradition in rhetoric the ancient but ever vital art of persuasion now george ken

first published in 1996 routledge is an imprint of taylor francis an informa company

this reference guide surveys the field covering rhetoric s principles concepts applications practical tools and major thinkers drawing on the scholarship and expertise of 288 contributors the encyclopedia presents a long needed overview of rhetoric and its role in contemporary education and communications discusses rhetoric s contributions to various fields surveys the applications of this versatile discipline to the teaching of english and language arts and illustrates its usefulness in all kinds of discourse argument and exchange of ideas

a reevaluation of john steinbeck exploring his timely interests in climate change ecology and social injustice

this comprehensive guide to healing synthesizes the principles and practices of hippocratic chinese ayurvedic and persian medicine and includes the first english translation of one of the handbooks of avicenna whose writings have been classics in herbal and dietetic medicine for more than 1 000 years based on the philosophy that food is the best medicine avicenna s canon provides simple and effective diagnostic techniques and therapies for maintaining health and strengthening the immune system includes a botanical guide for the 100 most used healing herbs and recommended treatments for 400 conditions including diet and nutrition herbology and aromatherapy
